

**Dear Hiring Manager,**

I am excited to apply for the **AI Trainer / Data Trainer/ or Relevant** role in considered for. With 20+ years of experience spanning IT support, remote customer service, marketing, and no-code AI project development, I bring a unique combination of **technical proficiency, operational insight, and creative problem-solving.**

Since 2025, I have been working as a **Freelance AI & Virtual Assistant**, building projects including sentiment analysis, image classification, and AI-driven game logic. These projects involved **dataset curation, data labeling, model testing, and workflow optimization**, all critical skills for AI training roles.

My previous experience as **Assistant Manager & Graphic Designer** at Amy's Dream, **Owner/Marketing Lead** at Boss Pepper Sauce, and P2P-focused work at Kiss Baking Company provided strong skills in **team coordination, attention to detail, communication, and project management**—all directly transferable to AI training, QA, and dataset management.

I am eager to bring my experience, creativity, and technical skills to your team, helping train accurate, reliable AI systems while ensuring high-quality outputs. I would welcome the opportunity to discuss how my background can benefit your team.

**Thank you for your consideration.**

**Sincerely,**

Raphael Castellano
